Three wounds in a perfectly straight line was the bloody signature that marked victims from every corner of France who had been murdered over the course of thirty years. Editorial Review

From Booklist
It gets personal in the third Jean-Baptiste Adamsberg mystery to reach the U.S. Previously, the eccentric commissaire of the French national police has maintained a disconcerting detachment, solving cases "like a lone ranger or a Zen archer who went straight to the target." This time, though, Adamsberg faces his personal demon, a serial killer called the Trident who, 30 years previously, framed the commissaire's brother for a murder, successfully avoiding prosecution for that and numerous other slayings. Supposedly dead for more than 15 years, the Trident has risen from the grave—or so Adamsberg believes after encountering a new victim whose corpse bears the tell-tale signs of the Trident's work. Convincing anyone of this fact is impossible, of course, and—distracted by a trip to Ottawa to attend a forensics course—Adamsberg returns to Paris to find himself well and truly framed for the murder of a young woman. Vargas continues to mix styles effectively, combining the light, comic touch of the best Simenon with much darker themes. This time, too, with the hero forced to look deep into himself, the novel adds an extra pinch of Rendellian psychology to the stewpot. Ott, Bill

Fred Vargas is the hottest property in crime fiction. . . . Poetic, offbeat and genuinely addictive. [Her] prose has an unusual deftness, a wry humour. A unique voice. (*The Guardian*, London)
