Around the World in 80 Days (Teachers Notes) By MICHAEL PALIN

In "Around the World in 80 Days" we join Michael Palin on the first of his great adventures. Following in the footsteps of the fictional Phileas Fogg, he makes real the journey which author Jules Verne imagined more than a century earlier. From the opulence of the "Orient Express" to the lurching progress of an Egyptian camel, from the hot and lively streets of Madras to the lofty heights of a hot-air balloon over Colorado, there is never a dull moment in this hilarious account of a journey full of surprises. "Around the World in 80 Days" is essential reading for every would-be traveller. Writing in his characteristically engaging and witty style, Palin paints a vivid picture of the people and places around him, reinforcing his reputation as one of the world's favourite travel writers. 'His easy-going charm and passion for discovery are captivating.' - "The Daily Express". 'Palin recounts the journey charmingly in daily diary entries. Beautifully illustrated, the book shows the programme's virtues, such as Palin's enthusiasim and naturalness.' - "The Observer".

Editorial Review

About the Author

Michael Palin established his reputation with *Monty Python's Flying Circus* and *Ripping Yarns*. His work also includes several films with Monty Python as well as *The Missionary, A Private Function*, an award-winning performance as Ken in *A Fish Called Wanda*, and *Fierce Creatures*.

From AudioFile
In 1988, British actor, writer, and humorist Michael Palin circum-navigated the globe, following the route taken by the fictional Phineas Fogg 115 years earlier. He stuck to transportation modes that would have been available to Fogg, discovering along the way that passenger ships are fewer but faster and that camels are tall. Palin writes well and is an accomplished actor. This is his story, and he tells it very well. Listeners familiar with Palin's acting, particularly in MONTY PYTHON, will find his skill with accents and voices undiminished. He can even sound American when he wants to. Longtime fans will be delighted to spend time in his company; listeners who don't know his work may discover a new friend.
