Editorial Review

Review

“Roger Marshall’s book…shows gardening enthusiasts how to grow colorful flowers, tropical fruits and abundant vegetables year-round, no matter what the weather is.”

Los Angeles Daily News, January 27, 2007

“Marshall leads readers through myriad options and provides well-organized details on the whys and wherefores of each, along with how you (or a contractor) can design and build the greenhouse to suit your gardening needs.”

Arkansas Democrat, March 3, 2007

“The book’s strengths are its many and varied schematics and highly detailed, step-by-step instructions for building growing structures, from cold frames for just a few vegetables to a large free-standing greenhouse that can double as an entertainment area…There’s even a four-page check-list of what to plan for, materials to buy, and approximate costs.”

Milwaukee Journal Sentinel, February 25, 2007

“If you are interested in building a greenhouse, here is the definitive do-it-yourself guide. This is the only guide needed to plan, situate and build your dream greenhouse.”

Lexington Herald-Leader, June 30, 2007

“If you’ve ever contemplated adding a greenhouse to your property but didn’t know where to start, *How to Build Your Own Greenhouse* by Roger Marshall will point you in the right direction.”

The American Gardener, Sept.-Oct. 2007

“The author gives gardeners the inspiration to take their hobby indoors for the winter months, and then he gives them the means to do so, with step-by-step instructions….Nothing seems insurmountable under the guidance of master gardener Marshall.”

Berkshire Eagle

From the Back Cover

Indulge your passion for gardening! Imagine extended growing seasons, homegrown tropical fruits, abundant vegetables ready to pick year-round, exotic orchids, and colorful flowers galore. They're all possible with this comprehensive guide to turning the dream of year-round gardening into a reality.

From the simplest cold frame to the most elaborate freestanding tropical paradise, there is a greenhouse plan in this collection to suit every gardener's needs. Roger Marshall guides you through all the style options, the practical considerations of choosing materials and a site, and every step of the building process, from foundation to glazing.

Whether your interest is in rare orchids or in healthful, organic vegetables for your family, a greenhouse provides the environment to protect and nurture the plants you love. And when it's cold and gray outside, the greenhouse is a welcoming and warm place to feed your gardening hobby.

About the Author

In addition to designing boats, Roger Marshall regularly lectures and gives talks on gardening and greenhouse growing. He writes a monthly blog post for *Hartley Greenhouse*, and is the former editor of *Home Greenhouse*. He is also a member of the Garden Writers Association, The American Society of Journalists and Authors, and the Society of Authors (UK).
