Major Problems in American Environmental History (Major Problems in American History Series) By Carolyn Merchant

Designed to encourage critical thinking about history, the MAJOR PROBLEMS IN AMERICAN HISTORY series introduces readers to both primary sources and analytical essays on important topics in U.S. history. MAJOR PROBLEMS IN AMERICAN ENVIRONMENTAL HISTORY presents major themes and controversial issues from native American times to the present, drawn from compelling, readable sources that draw readers into the process of developing their own perspectives on American environmental history. This text presents a carefully selected group of readings organized to allow readers to evaluate primary sources, test the interpretations of distinguished historians, and draw their own conclusions. Each chapter includes introductions, source notes, and suggested readings.

About the Author
Carolyn Merchant is Professor of Environmental History, Philosophy, and Ethics at the University of California, Berkeley. Her research focuses on the relationships between humans and the environment, the role of women and minorities in environmental history and in shaping science and technology, and narratives about the causes and effects of environmental problems. She is the author of THE DEATH OF NATURE, ECOLOGICAL REVOLUTIONS, REINVENTING EDEN, AMERICAN ENVIRONMENTAL HISTORY: AN INTRODUCTION, and the co-editor of the three-volume ENCYCLOPEDIA OF WORLD ENVIRONMENTAL HISTORY, among other works. She is a past president of the American Society for Environmental History, a winner of the Society's Distinguished Scholar Award, and the recipient of an honorary doctorate from Umeå University in Sweden. She has been a Guggenheim Fellow, a MacArthur Fellow in the Ecological Humanities, a fellow of the Center for Advanced Study in the Behavioral Sciences, and an American Council of Learned Societies fellow. She serves on the editorial boards of ENVIRONMENTAL HISTORY, ETHICS AND THE ENVIRONMENT, ORGANIZATION AND ENVIRONMENT, and other journals.

Users Review
