Get Your Share: The Everyday Woman's Guide to Striking it Rich in the Stock Market By Julie Stav, Deborah Adamson

Stav has been helping women get rich for years through her network of invest. clubs & her media & speaking appearances. Here she offers her hands-on techniques & inspiring advice by simplifying the stock market & putting a new world of wealth within reach. You don't have to be a mathematician or money expert to make a profit in the stock market -- all you need is your initial investment & a sound grasp of some basic principles that can help you pick winners, recognize great opportunities, & ditch the losers before they drain your funds. In addition to guidance on getting started, Stav offers tips on finding (or founding) an investment club -- a support system that, properly managed, can give you a major advantage in the market.

Editorial Review

About the Author

Julie Stav, a financial planner and broker, was born in Cuba and came to the United States as a teenager. A former teacher, she is the founder/owner of Retirement Benefit Systems, a financial planning firm in California, and runs a network of investment clubs whose members now number in the tens of thousands. Known for her speaking engagements and investment guide videotapes, she has been profiled in the *Los Angeles Times* and other papers, has appeared on Lifetime's *New Attitudes*, and is currently developing a television series that will focus on personal finance.

From AudioFile
This detailed guide to owning stocks and bonds is a must hear for anyone ready to move beyond passbook savings and CDs. It covers the principles of equity ownership in a way that assumes nothing of listeners. The program also explains a detailed system for analyzing the value of individual stocks, stock sectors, and the market in general. The subject matter is technical, but Stav knows how to explain without talking down to her listeners. There's a comprehensive section on the social and economic particulars of joining an investment club. This is the clearest introductory audio yet on stock investing, and it's read with charm and absolute clarity by the author.
