Editorial Review

From Publishers Weekly
Scary, sexy and at times stomach-turning, Sutcliffe's newest romantic suspense novel (after Darkling I Listen) has all the ingredients her fans have come to crave. There's a serial killer on the loose in New Orleans who was supposedly executed years earlier. Attorney J.D. Damascus has always believed the NOPD put away the wrong guy, and now that more hookers are turning up dead, he's sure of it. But his drunken meltdown following the murders of his wife and children has left him with few friends on the force. Once a hotshot assistant district attorney, J.D. now handles cases for prostitutes and junkies who can rarely pay for his services. When Holly Jones calls him after finding his name on the jailhouse wall, he figures she's just another hard-luck case, but he finds himself drawn to her in spite of himself. Holly's in town looking for her friend Melissa, a hooker who may be the killer's latest victim. As J.D. and Holly draw closer to uncovering the truth, they find in each other the possibility for healing. Readers will race through this briskly paced book and relish its many twists and turns. The romantic tension between Sutcliffe's protagonists feels forced at times, and their sex scenes, while steamy, are abrupt. Overall, however, this is a solidly plotted, absorbing read.

Review
A marvelous talent and a treasure of the genre. -- *Laura Kinsale*

From AudioFile
J.D. Damascus finds little to make himself get up in the morning, other than the burning desire for revenge that has kept him alive--albeit barely functioning--for the past four years. The official story of the murder of his wife and kids is that they fell victim to a serial killer who has not been executed. But when murders with the same signature begin again, he is awoken from his stupor and drawn into events. Bernadette Dunne presents a range of characterizations. From the anguish of J.D. to the condescension of his brother and the affectionate bullying of his secretary, she draws out the relationships between the characters and captures their personalities. From reader reviews:

Robert Rios:

What do you think of book? It is just for students because they are still students or the item for all people in the world, what best subject for that? Just simply you can be answered for that issue above. Every person has diverse personality and hobby for every other. Don't to be pushed someone or something that they don't need do that. You must know how great and also important the book Bad Moon Rising. All type of book would you see on many options. You can look for the internet solutions or other social media.

Jorge Wilson:

Book is to be different per grade. Book for children till adult are different content. We all know that that book is very important usually. The book Bad Moon Rising had been making you to know about other

understanding and of course you can take more information. It is very advantages for you. The guide Bad Moon Rising is not only giving you a lot more new information but also to be your friend when you experience bored. You can spend your own personal spend time to read your reserve. Try to make relationship with the book Bad Moon Rising. You never experience lose out for everything in the event you read some books.

Robert Harriman:

Here thing why this Bad Moon Rising are different and trustworthy to be yours. First of all studying a book is good nonetheless it depends in the content of it which is the content is as delightful as food or not. Bad Moon Rising giving you information deeper and in different ways, you can find any guide out there but there is no publication that similar with Bad Moon Rising. It gives you thrill studying journey, its open up your current eyes about the thing that happened in the world which is perhaps can be happened around you. You can bring everywhere like in area, café, or even in your approach home by train. Should you be having difficulties in bringing the printed book maybe the form of Bad Moon Rising in e-book can be your alternate.

Douglas Moskowitz:

In this particular era which is the greater man or who has ability to do something more are more valuable than other. Do you want to become one of it? It is just simple solution to have that. What you have to do is just spending your time little but quite enough to experience a look at some books. Among the books in the top record in your reading list is usually Bad Moon Rising. This book which is qualified as The Hungry Inclines can get you closer in getting precious person. By looking right up and review this publication you can get many advantages.
