SAP Lumira Essentials By Dmitry Anoshin

Discover how to make your business data more interactive and engaging with SAP Lumira

About This Book

- Create a powerful data discovery experience with the advanced capabilities of SAP Lumira
- Find business insights in your data through data blending, wrangling, transformation, and visualization
- A fast-paced guide packed with hands-on practical examples, real-world solutions, and best practices to get you started with SAP Lumira

Who This Book Is For

If you are a SAP user, business analyst, BI developer, or a junior data engineer who wants to use SAP Lumira to build creative visualizations, this book is for you. You should have a reasonable level of knowledge of SAP Business Objects and its components.

What You Will Learn

- Deploy SAP Lumira on your computer and learn more about the SAP Lumira interface
- Extract data from different sources using SAP Lumira's data connecters
- Prepare, filter, clean, and format your data
- Discover visualization techniques and data discovery methods
- Administrate and customize SAP Lumira to get basic knowledge of its SDK
- Create various charts to deliver fantastic data visualizations
- Connect to SAP BusinessObjects BI Platform and SAP HANA to extract, prepare, and visualize data

In Detail

SAP Lumira allows you to combine data from multiple sources into a single view and create engaging visualizations quickly and easily. It is a reporting platform that helps users access data and independently perform analysis. With the increasing interest in data discovery, self-service BI, and visualization around the

world, tools like SAP Lumira help to eliminate the complexities of analyzing and discovering data.

Learn data discovery techniques, build amazing visualizations, create fantastic stories, and share your visualizations through an electronic medium with one of the most powerful tools around?SAP Lumira.

You will begin with an overview of the SAP Lumira family of products. You will then go through various data discovery techniques using real-world scenarios of an online e-commerce retailer through detailed recipes on the installation, administration, and customization of SAP Lumira. Next, you will work with data, starting from acquiring data from various data sources, then preparing and visualizing it using the rich functionality of SAP Lumira. Finally, you will present data via a data story or infographic and publish it across your organization or on the World Wide Web.

Style and approach

This is a step-by-step guide to learning SAP Lumira essentials packed with examples on real-world problems and solutions.

Users Review

From reader reviews:

Johnny Powers:

The book SAP Lumira Essentials can give more knowledge and information about everything you want. Why must we leave the great thing like a book SAP Lumira Essentials? Several of you have a different opinion about guide. But one aim which book can give many details for us. It is absolutely suitable. Right now, try to closer with your book. Knowledge or info that you take for that, you can give for each other; it is possible to share all of these. Book SAP Lumira Essentials has simple shape but you know: it has great and massive function for you. You can appear the enormous world by wide open and read a reserve. So it is very wonderful.

Joseph Southard:

The knowledge that you get from SAP Lumira Essentials is a more deep you searching the information that hide into the words the more you get thinking about reading it. It does not mean that this book is hard to understand but SAP Lumira Essentials giving you excitement feeling of reading. The article author conveys their point in a number of way that can be understood simply by anyone who read the idea because the author of this reserve is well-known enough. This book also makes your vocabulary increase well. It is therefore easy to understand then can go along, both in printed or e-book style are available. We highly recommend you for having this SAP Lumira Essentials instantly.

Patty Scheuerman:

The book untitled SAP Lumira Essentials is the reserve that recommended to you to study. You can see the quality of the e-book content that will be shown to you. The language that writer use to explained their ideas are easily to understand. The article author was did a lot of analysis when write the book, so the information that they share to you personally is absolutely accurate. You also will get the e-book of SAP Lumira Essentials from the publisher to make you a lot more enjoy free time.

Cara Shaver:

As a student exactly feel bored for you to reading. If their teacher expected them to go to the library or even make summary for some e-book, they are complained. Just little students that has reading's soul or real their hobby. They just do what the trainer want, like asked to the library. They go to right now there but nothing reading seriously. Any students feel that studying is not important, boring and also can't see colorful pics on there. Yeah, it is to get complicated. Book is very important in your case. As we know that on this period of time, many ways to get whatever we want. Likewise word says, ways to reach Chinese's country. Therefore this SAP Lumira Essentials can make you feel more interested to read.
