Social Injustice and Public Health From Brand: Oxford University Press

This second edition of *Social Injustice and Public Health* is a comprehensive, up-to-date, evidence-based resource on the relationship of social injustice to many aspects of public health. With contributions from leading experts in public health, medicine, health, social sciences, and other fields, this integrated book documents the adverse effects of social injustice on health and makes recommendations on what needs to be done to reduce social injustice and thereby improve the public's health.

Social Injustice and Public Health is divided into four parts:

· The nature of social injustice and its impact on public health
· How the health of specific population groups is affected by social injustice
· How social injustice adversely affects medical care, infectious and chronic non-communicable disease, nutrition, mental health, violence, environmental and occupational health, oral health, and aspects of international health
· What needs to be done, such as addressing social injustice in a human rights context, promoting social justice through public health policies and programs, strengthening communities, and promoting equitable and sustainable human development

With 78 contributors who are experts in their respective subject areas, this textbook is ideal for students and practitioners in public health, medicine, nursing, and other health sciences. It is the definitive resource for anyone seeking to better understand the social determinants of health and how to address them to reduce social injustice and improve the public's health.

Editorial Review

Review

"An invaluable primer on how inequity breeds ill health...It should be widely read by policymakers and practitioners looking for a passionate and scholarly review of societal changes that would avert enormous suffering." --*New England Journal of Medicine*

"A useful contribution to a critical field of public health." --*International Journal of Epidemiology*

"Essential. A must-have for any public health department and a must-read for those pursuing a career in public health and/or health policy." --*Choice*

About the Author

Barry S. Levy, M.D., M.P.H., is an Adjunct Professor of Public Health at Tufts University School of Medicine and a past president of the American Public Health Association (APHA), and has had extensive experience in public health practice, education, research, and consulting, both in the United States and 20 other countries. He has written numerous articles and book chapters on a wide range of public health subjects and has co-edited 16 other books, including, with Dr. Sidel, two editions of War and Public Health and two editions of Terrorism and Public Health.

Victor W. Sidel, M.D., is Distinguished University Professor of Social Medicine Emeritus at Montefiore Medical Center and Albert Einstein College of Medicine, and an Adjunct Professor of Public Health at Weill Cornell Medical College. He is also a past president of APHA and has been president of the Public Health Association of New York City (PHANYC). He was a founder of Physicians for Social Responsibility (PSR) and of the International Physicians for the Prevention of Nuclear War (IPPNW), which was the recipient of the 1985 Nobel Peace Prize.

Users Review

From reader reviews:

Gayle Stalder:

The book Social Injustice and Public Health can give more knowledge and information about everything you want. So just why must we leave a very important thing like a book Social Injustice and Public Health? A few of you have a different opinion about publication. But one aim which book can give many data for us. It is absolutely proper. Right now, try to closer together with your book. Knowledge or details that you take for that, it is possible to give for each other; you can share all of these. Book Social Injustice and Public Health

has simple shape but the truth is know: it has great and massive function for you. You can seem the enormous world by open and read a publication. So it is very wonderful.

Gay Swiderski:

The experience that you get from Social Injustice and Public Health could be the more deep you looking the information that hide within the words the more you get considering reading it. It doesn't mean that this book is hard to understand but Social Injustice and Public Health giving you thrill feeling of reading. The article author conveys their point in particular way that can be understood through anyone who read that because the author of this book is well-known enough. This kind of book also makes your own personal vocabulary increase well. Making it easy to understand then can go together with you, both in printed or e-book style are available. We suggest you for having that Social Injustice and Public Health instantly.

Vincent Olson:

Information is provisions for anyone to get better life, information presently can get by anyone in everywhere. The information can be a know-how or any news even an issue. What people must be consider when those information which is inside the former life are difficult to be find than now's taking seriously which one works to believe or which one typically the resource are convinced. If you find the unstable resource then you have it as your main information it will have huge disadvantage for you. All of those possibilities will not happen inside you if you take Social Injustice and Public Health as the daily resource information.

Willie Batres:

What is your hobby? Have you heard that will question when you got pupils? We believe that that query was given by teacher for their students. Many kinds of hobby, Every person has different hobby. Therefore you know that little person just like reading or as looking at become their hobby. You need to understand that reading is very important as well as book as to be the matter. Book is important thing to provide you knowledge, except your own personal teacher or lecturer. You see good news or update concerning something by book. Numerous books that can you take to be your object. One of them is actually Social Injustice and Public Health.
