Time Series Data Analysis Using EViews By I. Gusti Ngurah Agung

Do you want to recognize the most suitable models for analysis of statistical data sets?

This book provides a hands-on practical guide to using the most suitable models for analysis of statistical data sets using EViews - an interactive Windows-based computer software program for sophisticated data analysis, regression, and forecasting - to define and test statistical hypotheses. Rich in examples and with an emphasis on how to develop acceptable statistical models, Time Series Data Analysis Using EViews is a perfect complement to theoretical books presenting statistical or econometric models for time series data. The procedures introduced are easily extendible to cross-section data sets.

The author:

- Provides step-by-step directions on how to apply EViews software to time series data analysis
- Offers guidance on how to develop and evaluate alternative empirical models, permitting the most appropriate to be selected without the need for computational formulae
- Examines a variety of times series models, including continuous growth, discontinuous growth, seemingly causal, regression, ARCH, and GARCH as well as a general form of nonlinear time series and nonparametric models
- Gives over 250 illustrative examples and notes based on the author's own empirical findings, allowing the advantages and limitations of each model to be understood
- Describes the theory behind the models in comprehensive appendices
- Provides supplementary information and data sets

An essential tool for advanced undergraduate and graduate students taking finance or econometrics courses. Statistics, life sciences, and social science students, as well as applied researchers, will also find this book an invaluable resource.

About the Author
I Gusti Ngurah Agung is a Lecturer and Academic Advisor at the Graduate School of Management, Faculty of Economics at the University of Indonesia. He has been teaching mathematical statistics and applied statistics since 1960 at the Makassar Public University as well as Hassanudin University, Makassar, and since 2006 at the Graduate School of Planning, Strategy and Public Policy, University of Indonesia. Agung has authored more than 10 pocket books in applied statistics (in Indonesian). He holds a BSc in Mathematical Education from Hassanudin University, a Masters in Mathematics from the New Mexico State University and a second Masters in mathematical statistics as well as a PhD in biostatistics from the University of North Carolina at Chapel Hill.

Users Review

From reader reviews:

Jacqueline Campbell:

Do you have something that you prefer such as book? The guide lovers usually prefer to decide on book like comic, short story and the biggest some may be novel. Now, why not trying Time Series Data Analysis

Using EViews that give your pleasure preference will be satisfied by reading this book. Reading behavior all over the world can be said as the opportunity for people to know world better then how they react to the world. It can't be stated constantly that reading habit only for the geeky individual but for all of you who wants to be success person. So , for all you who want to start looking at as your good habit, you could pick Time Series Data Analysis Using EViews become your own personal starter.

Christina Mundell:

Do you one of the book lovers? If yes, do you ever feeling doubt if you are in the book store? Attempt to pick one book that you just dont know the inside because don't determine book by its cover may doesn't work here is difficult job because you are frightened that the inside maybe not while fantastic as in the outside search likes. Maybe you answer could be Time Series Data Analysis Using EViews why because the fantastic cover that make you consider about the content will not disappoint an individual. The inside or content is actually fantastic as the outside or maybe cover. Your reading 6th sense will directly show you to pick up this book.

Tammi Rosado:

It is possible to spend your free time you just read this book this guide. This Time Series Data Analysis Using EViews is simple to develop you can read it in the recreation area, in the beach, train as well as soon. If you did not include much space to bring often the printed book, you can buy the particular e-book. It is make you simpler to read it. You can save typically the book in your smart phone. Therefore there are a lot of benefits that you will get when you buy this book.

Laurence Asher:

What is your hobby? Have you heard that will question when you got learners? We believe that that problem was given by teacher with their students. Many kinds of hobby, Every individual has different hobby. And also you know that little person such as reading or as studying become their hobby. You must know that reading is very important in addition to book as to be the issue. Book is important thing to increase you knowledge, except your own teacher or lecturer. You see good news or update about something by book. Many kinds of books that can you take to be your object. One of them is Time Series Data Analysis Using EViews.
