Learn How to Quickly Solve Difficult ABIM Test Questions

Here's a little "secret" about the Internal Medicine Certification Exam: the ABIM test is what we in the test preparation field call a "content driven" test.

While some tests are looking to see what you are ABLE to learn, the purpose of the Internal Medicine Certification Examination, offered by the American Board of Internal Medicine (ABIM), is to test your understanding of what you have already learned. The goal of the Internal Medicine Exam is to use a standardized testing process to create an objective assessment of a test taker's knowledge and skills.

In other words, it's more about **what you know** than your ability to solve clever puzzles. This is good news for those who are serious about being prepared, because it boils down to a very simple strategy:

You can succeed on the ABIM test and become a ABIM board certified physician by learning critical concepts on the test so that you are prepared for as many questions as possible.

Repetition and thorough preparation is a process that rewards those who are serious about being prepared, which means that succeeding on the ABIM test is within the reach of virtually anyone interested in learning the material.

This is great news! It means that if you've been worried about your upcoming ABIM test, you can rest easy IF you have a good strategy for knowing what to study and how to effectively use repetition to your advantage.

But it also creates another set of problems.

If you tried to memorize every single possible thing you can for the ABIM test, the field of possible things to review would be so huge that you could not hope to cover everything in a reasonable time.

That's why we created the ***ABIM Exam Flashcard Study System***: we have taken all of the possible topics and reduced them down to the **hundreds of concepts you must know** and provided an easy-to-use learning method to guarantee success on the ABIM test.

We wanted this system to be simple, effective, and fast so that you can succeed on your ABIM test with a minimum amount of time spent preparing for it. --
