Editorial Review

From the Back Cover
Introductory Programming / Java™

About the Author
Walter Savitch is Professor Emeritus of Computer Science at the University of California–San Diego. He received his PhD in mathematics from the University of California–Berkeley in 1969. Since that time he has been on the faculty of the University of California–San Diego (UCSD). He served as director of the UCSD Interdisciplinary PhD program in cognitive science for over ten years. He has served as a visiting researcher at the computer science departments of the University of Washington in Seattle and at the University of Colorado in Boulder, and has been a visiting scholar at the Centrum voor Wiskunde en Informatica in Amsterdam.

Contributing author, **Kenrick Mock**, is an Associate Professor at the University of Alaska–Anchorage. He has also taught at Washington State University, Portland State University, and the University of California–Davis. He teaches undergraduate computer science courses across the curriculum including introductory C++, Java™, Visual Basic® for non-programmers, algorithms, computer security, and artificial intelligence. With the Coastal Marine Institute at UAA, he helped develop a computer system to aid in research about Alaska sea ice and the atmosphere. Before becoming a teacher, Mock was a research scientist and software engineer at Intel™. He received a PhD in computer science from UC Davis.

Users Review

From reader reviews:

Craig Chivers:

Why don't make it to be your habit? Right now, try to prepare your time to do the important work, like looking for your favorite reserve and reading a book. Beside you can solve your long lasting problem; you can add your knowledge by the reserve entitled Problem Solving with C++ (8th Edition). Try to make the book Problem Solving with C++ (8th Edition) as your buddy. It means that it can to be your friend when you sense alone and beside that of course make you smarter than in the past. Yeah, it is very fortuned for you personally. The book makes you far more confidence because you can know anything by the book. So , we need to make new experience in addition to knowledge with this book.

Christine Emmons:

Nowadays reading books are more than want or need but also work as a life style. This reading behavior give you lot of advantages. The benefits you got of course the knowledge the actual information inside the book in which improve your knowledge and information. The knowledge you get based on what kind of publication you read, if you want attract knowledge just go with education and learning books but if you want experience happy read one using theme for entertaining including comic or novel. The actual Problem Solving with C++ (8th Edition) is kind of publication which is giving the reader unstable experience.

Steve Henry:
