Advanced Software Testing - Vol. 1, 2nd Edition: Guide to the ISTQB Advanced Certification as an Advanced Test Analyst By Rex Black

This book is written for the test analyst who wants to achieve advanced skills in test analysis, design, and execution. With a hands-on, exercise-rich approach, this book teaches you how to define and carry out the tasks required to put a test strategy into action.

Learn how to analyze the system, taking into account the user’s quality expectations. Additionally, learn how to evaluate system requirements as part of formal and informal reviews, using an understanding of the business domain to determine requirement validity. You will be able to analyze, design, implement, and execute tests, using risk considerations to determine the appropriate effort and priority for tests. You will also learn how to report on testing progress and provide necessary evidence to support your evaluations of system quality.

With a quarter-century of software and systems engineering experience, author Rex Black is President of RBCS, a leader in software, hardware, and systems testing, and is the most prolific author practicing in the field of software testing today. He published several books on testing that sold tens of thousands of copies worldwide. He is President of the International Software Testing Qualifications Board (ISTQB) and is a Director of the American Software Testing Qualifications Board (ASTQB).

This book will also help you prepare for the ISTQB Advanced Test Analyst exam. Included are sample exam questions, at the appropriate level of difficulty, for most of the learning objectives covered by the ISTQB Advanced Level syllabus. The ISTQB certification program is the leading software tester certification program in the world. With about 400,000 certificate holders and a global presence in 50 countries, you can be confident in the value and international stature that the Advanced Test Analyst certificate can offer you.

The 2nd edition has been thoroughly revised and is aligned with the curriculum. In addition, some minor corrections have been included.

Users Review

From reader reviews:

Katy Pinkham:

What do you regarding book? It is not important to you? Or just adding material when you require something to explain what the one you have problem? How about your free time? Or are you busy man? If you don't have spare time to perform others business, it is give you a sense of feeling bored faster. And you have spare time? What did you do? Everybody has many questions above. The doctor has to answer that question mainly because just their can do which. It said that about publication. Book is familiar in each person. Yes, it is right. Because start from on jardín de infancia until university need this kind of Advanced Software Testing - Vol. 1, 2nd Edition: Guide to the ISTQB Advanced Certification as an Advanced Test Analyst to read.

Diane Adams:

Why? Because this Advanced Software Testing - Vol. 1, 2nd Edition: Guide to the ISTQB Advanced

Certification as an Advanced Test Analyst is an unordinary book that the inside of the book waiting for you to snap the idea but latter it will jolt you with the secret that inside. Reading this book close to it was fantastic author who else write the book in such incredible way makes the content interior easier to understand, entertaining method but still convey the meaning completely. So , it is good for you because of not hesitating having this ever again or you going to regret it. This unique book will give you a lot of advantages than the other book get such as help improving your ability and your critical thinking technique. So , still want to delay having that book? If I were being you I will go to the e-book store hurriedly.

Kevin Pinkney:

In this particular era which is the greater man or who has ability to do something more are more precious than other. Do you want to become considered one of it? It is just simple method to have that. What you need to do is just spending your time not very much but quite enough to enjoy a look at some books. On the list of books in the top collection in your reading list is actually Advanced Software Testing - Vol. 1, 2nd Edition: Guide to the ISTQB Advanced Certification as an Advanced Test Analyst. This book that is qualified as The Hungry Inclines can get you closer in growing to be precious person. By looking up and review this book you can get many advantages.

Charles Wagoner:

As a student exactly feel bored to be able to reading. If their teacher asked them to go to the library or even make summary for some guide, they are complained. Just little students that has reading's soul or real their leisure activity. They just do what the educator want, like asked to the library. They go to generally there but nothing reading critically. Any students feel that looking at is not important, boring as well as can't see colorful images on there. Yeah, it is to become complicated. Book is very important in your case. As we know that on this age, many ways to get whatever we want. Likewise word says, many ways to reach Chinese's country. Therefore , this Advanced Software Testing - Vol. 1, 2nd Edition: Guide to the ISTQB Advanced Certification as an Advanced Test Analyst can make you really feel more interested to read.
