Editorial Review

From School Library Journal
PreS-Gr 1–Lucy, a young brown bear in a pink skirt and hair bow, meets the most adorable little boy in the forest one day. She takes him home, excitedly shows him to her mother, and begs, "Can I keep him, PLEASE?" Though her mother warns her that "children make terrible pets," Lucy is bound and determined to prove her wrong. Agreeing to take full responsibility for her new companion, Lucy and Squeaker eat, play, and nap together. However, the cub soon finds that there is some truth to her mother's admonitions. The child is hard on the furniture, creates chaos everywhere, and absolutely refuses to be potty trained. When Squeaker goes missing, Lucy tracks him down and discovers that all involved will be better off if the lad remains where she finds him. It's a hard truth, but Lucy has to admit that her mother was right. The amusing, soft-hued illustrations on tan backgrounds are worked in pencil on cut construction paper and a bit of "digital tweaking." Each spread is placed on frames made of a variety of woods. The dialogue is shown in speech bubbles, hand lettered by the author/illustrator, while the narration is placed in rectangular boxes. Appealing and humorous, with a lesson to boot!–Maryann H. From Booklist
Lucy, a tutu- and ribbon-adorned young bear, is instantly besotted with a human boy she finds in the forest. After naming him Squeaker (the only sound he makes) and bringing him home, she begs her mother to keep him, and Mom relents on the condition that Lucy take full responsibility for his care. The two have a ball playing together until Lucy confronts some of the less-appealing aspects of pet ownership, such as potty training and dealing with destroyed furniture. When Squeaker suddenly disappears, Lucy follows his trail, discovers that he has returned to his natural habitat of house and human family, and comes to understand, as countless children have, that not all critters are cut out for domestication. (A final spread shows that Lucy hasn’t given up on her enthusiasm by any stretch, though.) Brown’s distinctive multimedia art, featuring text in colored blocks and characters’ asides printed in word balloons, has a playful, old-time style that matches the woodsy setting and the enjoyable story's upbeat tone.
