Italian Wine Guide (Guide to the Wines of Italy) By Approach Guides, David Raezer, Jennifer Raezer

With nearly 400 grape varieties — representing over one-quarter of the world's 1400 that produce wine in commercial quantities — Italy offers something new and engaging for even the most passionate wine drinker. And that's just the tip of the iceberg, as these grapes reveal distinctive styles depending on where they are grown. This guidebook makes sense of this complex landscape, allowing you to find your favorites and appreciate them in an even deeper way. (2017 update includes new vintage ratings)

What's in this wine guide:

* A region-by-region review. This Approach Guide provides a high-level review of each of Italy's regions, its red and white grape varieties, the denominations in which these grapes reach their highest expressions and the flavors wines typically exhibit. A short list of leading wine producers is also provided.

* Vintage ratings. We offer a straightforward vintage ratings table that lays out the best and most challenging years for wine production in Italy.

* A distinctive approach. This guidebook's approach is unique: rather than tell you what specific bottle of wine to order by providing individual bottle reviews, it gives you the information you require to make informed wine choices on any list.

* Recommendations. We mark our favorite appellations with asterisks (*) — our selections have a record for providing quality, consistency and good values.

* Information the way you like it. As with all of our guides, this book is optimized for intuitive, quick navigation; information is organized into bullet points to make absorption easy; trademark features of grapes and denominations are front and center.

Publisher note: This wine guide is focused on wine education, highlighting the unique aspects of Italy's wine growing regions and grape varieties; this guide does not profile specific producers or rate individual wines.

ABOUT APPROACH GUIDES
Wine guides for the ultra curious, Approach Guides takes an in depth look at a wine region's grapes, appellations, and vintages to help you discover wines that meet your preferences.

PRAISE FOR APPROACH GUIDES
Compulsive (and compulsively informed) travelers, the Raezers are the masterminds behind the downloadable Approach Guides, which are filled with a university course-worth of history and insights for 62 destinations worldwide. WHY WE LOVE IT: The Raezers share our desire for deep, well-researched information on the wonders of the world.
- Travel + Leisure

What started as one couple's travel notes aimed at filling in the gaps in guidebooks has become ApproachGuides.com - a menu of downloadable travel guides that cover cultural and historical topics of interest to thoughtful travelers. What's hot: Bite-sized travel guides that specialize in topics ranging from 29 pages on the foods of Italy to one that helps you explore the historical and architectural significance of Angkor's famous temple structures in Cambodia.
